Dear Br. Phelps.

Your copy has just come to hand. I regret the errors of last week. We can send you the proof by having the copy a day earlier; but let us try once more, & if there is an error in your second No, we will thereafter do as you desire.

You are doing a smug work, I am glad to see Beecher whipped in regard to the "model man". He has rung the changes on that as if it were all his salvation.

I rejoice greatly in your domestic purity, & wife will when I tell her. We are all quite well. Love to all.

Yours

E. D. Mansfield.
